Lanais

Make your home an oasis! With the Executive Screen, you can enjoy the refreshingly cool breezes on your lanai, porch, balcony or veranda, without those pesky insects. Simply engage the retractable screen with the effortless touch of a button, or retract it just as easily. The power motor smoothly and silently rolls the screen away when not in use - leaving only the beauty of your view. So stylish, it blends in with the décor of even the finest homes. So versatile, it fits most standard and oversize applications. So functional, it can supply enhanced privacy, shade from the sun and ventilation. Imagine the possibilities!

Product Specifications

Features

Executive Screens are designed to be stylish, versatile and functional. Our high quality standards and professional service ensure a lifetime of worry-free operation.

- Adapts to fit most standard and oversized applications.
- Provides protection from insects and pests.
- Complete screening and shading options for maximum versatility.
- Screens remain out-of-sight until needed, so you can enjoy the view.
- Power motor feature, with optional wall-control or remote-control.
- Professional service and custom installation.
- Sturdy construction for years of trouble-free operation.
- Limited lifetime warranty, for additional peace of mind.
- Backed by Phantom, the leading provider of retractable screen solutions.

Screening and Shading Options

Executive Screens come in a variety of shading options, to meet your needs. Most of the screen and shade options are available in a variety of colors to enhance the unique features of any home. Choose from the following screen or shade materials:

- **Insect Screen:** This strong mesh reduces up to 55% of harmful UV rays, is recommended for large openings and is great for keeping insects at bay.
- **Solar Screen:** This mesh blocks out the sun's heat and glare by up to 75% while keeping those pesky insects out.
- **Premium Solar Screen:** This mesh option offers substantial shading, while at the same time, reducing fading by blocking up to 90% of the sun's harmful UV rays.
- **Privacy Screen:** This unique option is a complete block-out material that blocks up to 100% of the sun's harmful UV rays.
