

# Single Doors

Phantom Distinction Retractable Screen Solutions™ are manual retractable screen solutions for large openings in high traffic areas. This versatile screen is both compact and functional utilizing pleated mesh technology. The unique wire tension system keeps the mesh tight, and allows entry and exit with minimum effort.

# Product Specifications

## Features and Benefits

---

Phantom's Distinction Screen remains out of sight until needed.

- Provides maximum insect protection
- Blends seamlessly with the décor of the building
- Restores full views without obstruction
- Features durable pleated mesh technology
- Offers a low profile bottom rail (1/8")
- Improves air flow and circulation
- Opens spaces to outdoor living and allows more natural light into the building
- Offers additional peace of mind with the backing of a Limited Lifetime Warranty (excludes mesh & tension wire).

## Components

---

- Slide bar, housing, and track made from high-quality aluminum
- Sturdy, UV resistant plastic fittings
- Polyester mesh ensures enhanced durability.

## Sizes

---

The Distinction Screen fits most oversized door applications. Please contact your local distributor for specialized sizing options.

Height	Single Width	Double Width
76" - 85 13/16"	73 13/16"	147 5/8"
80 7/8" - 102 5/16"	78 11/16"	157 3/8"
102 3/8" - 118 1/8"	53 1/8"	106 1/4"

*Note: Height/width ratio limitations may apply; your local Authorized Distributor will confirm applicability based on site dimensions.*

## Colors

---

Distinction Screen is offered in a Shell White finish. Phantom also offers a custom color program to match components to the unique décor of your living space.

*Note that the Shell White finish varies from Phantom's Classic White. Please review actual aluminum and plastic color samples for true accuracy.*
