

Balconies, Porches, Verandas...

Phantom's Motorized Executive Screens® allow you to enjoy the outdoors on a patio or veranda without having to worry about insects or the glare of the mid-day sun. There when you need them and out-of-sight when you don't, oversized Executive Screens enhance beautiful views and extend the time spent outdoors. Perfect for both residential and commercial projects, the versatility of these screening solutions makes them a natural fit with all types of interior and exterior building styles.

Product Specifications

Features and Benefits

- Retracts out-of-sight when not in use
- Allows full ventilation, providing protection from insects and UV rays
- Offers solar shading and energy efficiency
- Provides energy maximization and convenience with programmable controls, including Sun & Wind Sensors
- Supplies enhanced privacy
- Offers lifetime durability with its sturdy aluminum extruded housing and quality finishes
- Includes optional wall-control or remote-control
- Offers compatibility with home automation systems
- Enables recessing of the screen housing and tracks into walls, ceiling cavities, and columns to create a fully retracted screening solution
- Available in a manual retraction system
- Delivers superior quality with the installation by experienced professionals
- Guarantees additional peace of mind with the Limited Lifetime Warranty

Screening and Shading Options

The Executive Screen has a variety of screening and shading options to enhance the unique features of any building:

- Insect: Reduces up to 55% of UV rays and provides insect protection
- Solar: Blocks the sun's heat and glare by up to 75%; provides insect protection
- Premium Solar: Offers substantial shading and reduces fading by blocking up to 80% of UV rays
- Privacy: Provides up to 100% blockage of UV rays
- Pet Friendly: Resists damage by dogs and cats while providing excellent visibility and up to 55% UV protection

Components

Executive's high-quality components ensure years of trouble-free operation.

Motors:

- Diameter 47mm (2.0 in.)
- Progressive Limit Setting
- 6' Motor Cord
- Wattage Ranges from 110 - 250
- Amperage Ranges from 1.0 - 2.1
- Approximate weight is 8 lbs.
- SIMU Tubular Operators / Type 5 (120v - 60 Hz) AC

Housing, Housing Cover, Tracks and Slide Bar:

- Extruded Aluminum
- Powder Coated Finish*
- Color-matched Corrosion Resistant Screws

** Depending on the availability of the selected color tone, the housing and the frames will be provided in either powder-coated or wet coat finishes.*

Sizes

Executive Screens fit most standard and oversized applications.

Screen	Style	Height/Width	Pull Length
Executive	Oversized I	34" to 20' w	Max 11'
	Oversized II	20' 1/8" to 25' w	Max 16'

Screen	Style	Height/Width	Pull Length
Executive	Manual	24" to 19' w*	Max 11'*

**Not all mesh options are available in all sizes.*

Colors*

Executive Screens come in a variety of Signature designer colors, as shown below, to match most exterior or interior finishes.

Thanks to our advanced color-matching technology, Executive Screens are also available in virtually any color including a variety of Decoral® decorative wood grain finishes. We offer the possibility of color-matching tracks, screws, handles and other components with every Custom Coatings order.

**While every effort has been made to reproduce the actual color of the product, variations may occur in brochure production/printing. These color samples are to be used as a general color guide only.*

Garage Doors

Looking to increase your total living space? As garages have taken a more prominent role in today's homes, homeowners are looking for ways to highlight, rather than hide, the garage as a new multi-purpose space. By installing Phantom's Executive Screens® on the garage doors, homeowners can let in natural light and fresh air while keeping insects at bay. Only there when needed, motorized Executive Screens retract out-of-sight at the touch of a button; and guarantee peace of mind with our Limited Lifetime Warranty.
