[ABBOTSFORD, British Columbia], January 19, 2015 – Phantom Screens has been awarded “Best Of Houzz” for Design & Customer Satisfaction by [Houzz](#), the leading platform for home remodeling and design. The leading provider of retractable screens in North America was chosen by the more than 25 million monthly unique users that comprise the Houzz community from among more than 500,000 active home building, remodeling and design industry professionals.

“We are honored to have been selected for Best Of Houzz 2015 award in both Design and Customer Satisfaction categories,” said Paul Ackah-Sanzah, senior marketing manager of Phantom Screens. “It is especially meaningful as the selection of winners is done by actual homeowners – our customers. Building our Houzz profile has not just helped us to share info about our products, but to participate in discussions, offer advice to help solve design dilemmas, and deliver inspiration. It is a true community of people and companies who are brought together by the common goal of creating functional and beautiful living spaces, and Phantom Screens is happy to be part of it.”

Design award winners’ work was the most popular among the more than 25 million monthly users on Houzz, known as “Houzzers.” Customer Satisfaction honors are determined by a variety of factors, including the number and quality of client reviews a professional received in 2014. Winners will receive a “Best Of Houzz 2015” badge on their profiles, helping Houzz users around the world who discover and love a professional’s work to learn even more about that business’ popularity and satisfaction rating among their peers in the Houzz community.

“Houzz provides homeowners with a 360 degree view of home building, remodeling and design industry professionals, empowering them to engage the right people and products for their project,” said Liza Hausman, vice president of industry marketing for Houzz. “We’re delighted to recognize Phantom Screens among our “Best Of” professionals as judged by our community of homeowners and design enthusiasts who are actively remodeling and decorating their homes.”
