

## Screens Connect a California Kitchen to the Outdoors

*Phantom's Legacy door screens deliver a breezy and bug-free kitchen*

*"We are absolutely delighted with our new Phantom Screens. They do a great job of keeping pests and the hot sun out, while still allowing us to enjoy our beautiful outdoor view. The screens operate easily and close securely with no slamming. Everyone that visits our home wants to know where they can get their own Phantom Screens!"*

*- James Carey, homeowner*

- LOCATION:** Brentwood, California
- STYLE:** Mediterranean
- PRODUCT:** Phantom Legacy™ retractable door screens
- MESH TYPE:** SunScreen mesh
- NEED:** The homeowners needed to screen three sets of double-French doors in order to move freely between the kitchen and the backyard without having to worry about the bugs, the heat, or the UV rays.
- SOLUTION:** They selected Phantom's screens as a functional and design-friendly solution. The solar mesh of the screens blocks the heat from entering the air-conditioned interior spaces, yet maintains the feeling of openness and connectivity to the outdoors.

## OVERVIEW

This private home, located in sunny California, boasts a spacious living area and a state-of-the-art kitchen that form the true hub of the home. A gathering place for the whole family, it is the most-used space where everyone gathers to visit, dine, and spend time together. Phantom's door screens retract into their housings on either side of the door and are only visible when in use, providing easy access to the backyard when needed.

## APPLICATION HIGHLIGHTS

### Protection from the sun and the bugs

The retractable screens feature Phifer SunScreen mesh with 25% openness and 75% sun/UV protection, keeping the heat and the bugs out while still maintaining the views.

### Easy operation with secure closure

Legacy's integrated latching handle is durable and easy to use. It closes the screen securely to prevent accidental opening in breezy conditions.

### Complements any doorway

Phantom's door screens blend with all types of doors without detracting from the building's design.
