OVERVIEW

This coastal duplex is the perfect location for refreshing drinks in the garden, fresh air, and spending time with family and friends. After being recommended by her neighbors, Maureen can now enjoy the fresh ocean breeze without worrying about dust and debris entering her home.

With the front door screened, this homeowner can enjoy a cross breeze to promote passive cooling that helps keep the home comfortable and lower energy bills, all while inviting the sights and sounds of the nearby coastline.

This innovative solution keeps out pesky insects and debris, eliminates stuffy air and ensures peace of mind while seamlessly blending into the home's design.

APPLICATION HIGHLIGHTS

Customizable Comfort for Any Space

Fits Your Vision: We craft custom screens to perfectly match your living space, regardless of size, color, or material.

Reinforced Mesh Corners: Reinforced mesh corners provide added stability and long-term durability, extending the life of your screen. So you can enjoy the scenery without worrying about the screen-ery.

Industry-leading Warranty & Professional Installation: We stand proudly behind our stance on “never DIY, always WDIFY” (we do it for you). We know what we’re doing, we’ve had over 30 years to work out all the bugs (literally).
